PS – Come on England!

NHS England : Where best next campaign

5 Key Principles

1. Plan for discharge from the start
- 2. Involve patients and their families in discharge decisions**
3. Establish systems and processes for frail people
4. Embed multidisciplinary team reviews
- 5. Encourage a supported 'Home First' approach**

**“6.5 Million Family Carers
grows to 13.6 million
through the pandemic”**

A clients story

Joan is struggling with how to look after **dad** when he's discharged. The discharge team provide **Bridgit** support

Dad receives and setups his care support system
No wifi or sensors needed

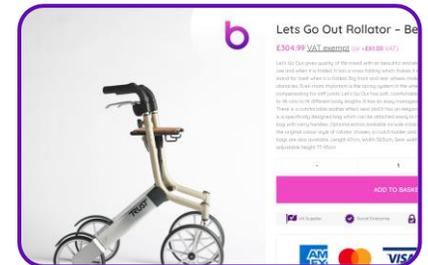

Joan receives alerts on how **Dad** is doing and advice on how to deliver care

Joan has her 121 call with her **Care Coach**, to check in on how **Dads** getting on, and how she's doing

Based on recommendation **Joan** buys **Dad** an additional aid to support him, and supports a local **carer charity**

New approach for carer empowered discharge / alternate step down

We care for you so you can care for them
