Wander management

Emergency alert

Bed exits

# Real-time updates and insights

Vayyar Home uses low-power radio frequency waves to generate 4D point cloud imaging.

It provides constant monitoring and automatic event notifications - no resident action required.

- ▶ Fall alerts: direct to carers/ nurse call system / Warden Call systems/ Social Alarms Units
- ▶ Room presence: visitors and bathroom visits
- ▶ Sub-region presence: bed exits

# Smarter sensors. Richer data.

- ▶ Real-time fall detection
- ▶ Rich activity data collection
- ▶ Robust sensing in all conditions
- ▶ No cameras - complete privacy
- ▶ Unobtrusive installation

# The new building blocks of Citizen care: Our rich data enables deep behavioral analytics.
