

Konnect is uniquely designed to support older adults at home

Rupinder Singh
Chief Strategy Officer, Kraydel

Konnnect – only TV based platform, tailor made for easy adoption

Konnnect reduces barriers to the adoption and use of technology:

- Requires no user training,
- Uses the person's existing TV for two way video calls
- Enables sharing of videos, leaflets and photos to the user's TV
- Smart remote monitoring and scheduling system.
- Interoperable with health & care systems

Konnnect vs. traditional technology (e.g. smartphones / iPads)

In terms of Usability	<i>Konnnect</i>	Tablet / Smartphone
Largest, brightest, most familiar screen in the home?	YES	NO
User doesn't need to download an app?	YES	NO
User can instantly access (no sign-on)?	YES	NO
Works without needing to be charged?	YES	NO
Provides a complete view of the user and the user's environment?	YES	NO
No need to hold / balance the device?	YES	NO
