My Summary

A summary of your essential needs in the event you need support from people who you do not know well. For example a change in your care team, an emergency admission to hospital or care home.

Basic Details

My name is Jean Smith. I was born on February 22, 1960 and am 64 years old. I prefer to be called Jean.

Medication

I take the following medication:

- paracetamol
 - Intake Time: after food
 - Intake Preferences: with a cup of tea after dinner

Eating and Drinking

I have the following allergy/allergies: wheat. My favourite meal: sausage, mash and peas. I do not like to eat/drink: bread, pasta, ice cream. Please also note: I have sensitive teeth so don't do well with very cold food.

Communication

My first language(s): English. These are the types of communication I prefer: Text messaging, Email. I use hearing aids.

Toilet

No details added.
