

# David Hammond

Chief Executive Officer, Europe

Three ways I expect the sector to develop  
over the next five years

## Three ways I expect the sector to develop over the next five years

# 1

Consolidation of  
service provision and  
improved workforce  
collaboration

# 2

Adoption of life safety  
TEC complemented by  
consumer and IoT  
devices

# 3

Utilisation of Big Data  
for early intervention  
to complement  
traditional reactive care

To achieve these goals, we must plan to **scale safely**

We have a **collective responsibility**  
to create the building blocks and **mitigate risk**

## Complete A2D

- Significance Awareness Success
- Still over 1m devices to update
- Crisis in Housing

To achieve these goals, we **ALL** have a collective responsibility to create the building blocks and mitigate risk

Consolidation of service provision and improved workforce collaboration

Year 1

Year 2

**A2D SWITCHOVER 2027**

Year 3

year 4

Year 5

Adoption of life safety TEC complemented by consumer and IoT devices

## Goal Creation and Risk Assessment

- Interoperability
  - No common data structure in Prediction and Prevention
  - How will data be moved in the future

## Standards and Security

- How can IOT complement Life Safety  
Telecare – Product Safety and Data

## Affordable Cost and Resource Model

- To deliver proactive care to 2m vulnerable people across the UK will require a scalable business case

Utilisation of Data for early intervention to complement traditional reactive care

We can achieve our goals and make a positive difference to millions of lives by working together
